

THE SYMBOLS FOR THE SKYLDINGHEIM

These symbols are attached and removed by traders, using the Skati's Mark and Remove Mark Rituals, when working for the Jarl and Skati of Skyldingheim.

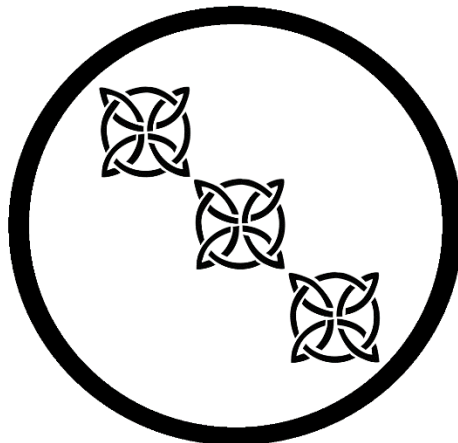

The GMs will provide traders with a stack of them for the Skati they serve.

These can also be detached by characters with the thieves facet using the scrubbing ritual. Other goods may have similar looking symbols attached which can also be removed using the scrubbing ritual
